Twenty-fifth Annual Report.

YEAR ENDED 30th APRIL. 1928.

THE Executive Committee have pleasure in presenting the following report for the year ended 30th April, 1928.

There were two hundred and twenty-five patients admitted during the year being an increase of five—

Accidents	62
Operations	95
Surgical	63
Medical	5
			<hr/>
			225

Three accident cases required operations.

Men admitted	..	118
Women „	...	76
Children „	...	31
		<hr/>
		225

175 patients were discharged fully recovered

14 „ „ relieved

14 „ „ died

18 still in Hospital

4 transferred to other Hospitals

225

The total number of days in Hospital was 4660 as compared with 5236 for the previous year. The average number of days each patient remained in the Hospital was 20·7 as compared with 23·8 for the previous year.

Total number of operations	283
„	„	„	previous year	228
				<hr/>
			Increase	55

98 major and 185 minor—283.

Total number of outpatients was 472 being an increase of 111 on the previous year.

Men receiving treatment	...	161
Women do	...	51
Children do.	...	260
		<hr/>
		472

Number of dressings 3409. Massage treatment 158.

The number of X ray examinations is 130 being an increase of 51.

It is interesting to note how the services rendered at the Hospital have increased since its inception.

For the year ending 30th April, 1904, 39 in-patients and 7 out-patients were treated and seven operations were performed.

It is again pleasing to record that the income has been sufficient to meet the expenditure.

There have been occasions during the year when your Committee has experienced a little anxiety but the response made to the various efforts in aid of the Hospital Fund has been generously supported.

On account of ordinary maintenance the receipts have amounted to £2644 5s. 4d. an increase of £113 13s. 4d..

Since the inception of the Hospital the Works employees have most loyally assisted the Committee in maintaining the services rendered by the Hospital and it is with much pleasure that we record our gratitude for the truly magnificent sum of £1072 0s 11d. being £105 17s. 2d. in excess of last year.

It is also pleasing to observe that our income from the Churches, subscriptions and special contributions is also maintained.

The ordinary expenditure amounted to £2426 17s. 3d. as against £2317 8s. 6d. an increase of £109 8s. 9d.

A perusal of the first part of this report, clearly indicates the remarkable growth of the services now performed at the Institution and which of necessity must entail a greater cost.

Additional to the amount above-mentioned, the sum of £111 12s. 3d. has been spent in painting the inside of the Hospital, and £31 16s. 0d. on improvements in the operating theatre, a total of £143 8s. 10d.

The balance at the commencement of the year was £183 1s. 5d. and it will be recalled that on the recommendation of the Hon. Auditors it was decided to transfer £144 3s. 6d. to Endowment A/c. and the balance at the termination of the financial year is £76 8s. 10d. after transferring £36 8s. 10d.

The financial position can be regarded as very satisfactory and to all those who have in any way contributed to such a gratifying result the sincere thanks of the Committee are most appreciatively tendered.

Your Committee realise very fully the amount of self sacrifice entailed in the promotion of the various efforts made in raising funds and would appeal for still more workers to take up this beneficent work to assist those who have so consistently striven in the past.

Industrially, the district must be regarded as most fortunate but as new works are established, the responsibilities of the Hospital naturally increase as a greater demand is made upon its resources.

The workers connected with the Runcorn Annual Festival are again to be congratulated upon the success of their organisation which resulted in the magnificent sum of £332 8s. 9d. being handed over to the Hospital as representing 75 per cent of the nett proceeds. We cannot estimate too highly the spirit of devotion which actuates the officials and numerous committees responsible for carrying out their onerous duties.

To the Ladies Committee of the Hospital we desire to extend our thanks for the success of Alexandra Day and the Linen League in addition to their most valuable assistance in the general administration work of the Hospital.

As will be noted from the list of "Special Contributions" the appeals are not so numerous as hitherto, and as several of these sources of revenue are not annual, the deficiency which would otherwise have ensued, has been considerably minimised by the efforts of Mr. Thos. Ashley and his co-workers in organising weekly Saturday evening dances during the winter season.

The handsome total of £100 2s. 2d. has been received and we are deeply grateful to the ladies and gentlemen who so consistently assisted Mr. Ashley.

The R.A.O.B. members also further augmented their previous efforts by £48 2s. 0d. The Hospital Dance Committee raised £55 1s. 4d. We would also mention the Runcorn Co-operative Society Juvenile Choir, the Runcorn & District Association Football League, the Runcorn Orchestral Society and whose assistance is very much valued.

During the year many written and verbal tributes have been received from patients who have received the ministrations of the Matron and Staff.

Such expressions are most encouraging to the Staff.

A very important date in the history of the Hospital was the Twenty-third day of March, 1928, when the Twenty-fifth Anniversary was celebrated.

Much local interest was taken in the event as very full accounts of the development of the Hospital movement in Runcorn were presented to the Public through the medium of the Press, and it would appear to be a work of supererogation to again deal exhaustively in the limited space of this Report, but suffice it to say that this present generation does express its gratitude to the early pioneers, and is not such gratitude very practically illustrated by this year's financial statement

To Mr. Wilding, our Honorary Architect, we are pleased to tender our thanks for his supervision during the past year and it was a pleasure to listen to his reminiscences of the history of the Hospital when the Committee met at the Hospital on the occasion of the Twenty-fifth Anniversary.

At the last Annual Meeting we received with much regret the resignation of our senior Auditor Mr. Alfred Harrison owing to having taken up his residence in Bournemouth. The Hospital owes much to his business acumen and financial advice and in expressing appreciation of his valuable services, the Committee trusts that both Mrs. Harrison and himself will long enjoy their retirement.

Mr. Tweedle who still continues his services, is to have the assistance of Mr. John E. Rowles who was appointed to the vacancy.

This report would not be complete without special mention of our visiting surgeon Mr. Simpson, whose professional skill has been of such great benefit to the patients who have required his attention and at the same time we would also include the interest which the Consultative Members have also taken in the general welfare of the patients.

It is with deep regret we record the passing of Mr. P. R. Allen who for many years was a Vice-President, and we desire to express to his children our sincere sympathy.

On behalf of the Executive Committee,

GEORGE H. GARNER, Chairman.

JOHN HOWARD, Hon. Secretary.

FORM OF CLAUSE to be inserted in the Will of a Testator or Testatrix, bequeathing a Legacy to the Hospital.

“I bequeath to the Trustees of the Runcorn Victoria Memorial Hospital, the sum of £ : : free of duty, to be paid, together with the duty thereon, out of such part of my estate as can lawfully be bequeathed for charitable purposes, and to be applicable for the general purposes of such Hospital, and I declare that the receipt of the Secretary or other proper Officer for the time being of such Hospital shall be sufficient discharge for the same.”
